Storm, Floods Hit Big Area At North Bay
NORTH BAY, Ont., May 27.—(CP)—Miles of vacation-famed beaches on both sides of North Bay lay under water today, aftermath of a storm which drove Lake Nipissing's flood-level waters into a rampage unknown here for 40 years. Damage was estimated in hundreds of thousands of dollars.

THE STORM smashed through breakwaters, flooded roads, broke up docks and took into cottages and permanent lakehouse homes tons of water. Dozens of families fled from their homes.

For five miles south of North Bay, where the heaviest pounding occurred, cars of anxious motorists owners lined the highway as summer resort operators advised citizens of a death watch for the summer homes.

Lake Nipissing, four feet above its normal spring level, already damaged great holes in the lakefront properties when the west gale sprang up. Only outlet for the lake water is through a series of two dams located on the shore. The fresh river across the lake from North Bay. Citizens have asked for provision of additional outlets for some time.

MEANTIME, a serious flood situation was rapidly developing in various parts of Quebec and along the Ottawa valley with rising waters reaching 30-year records in the vicinity of Ottawa, threatening the power house and the city of Ottawa.

Report 40,000 Fewer Jobless
OTTAWA, May 27.—(CP)—Under the impetus of a steady season in employment, Canada's jobless force decreased by 40,000 during the last month while unfilled jobs in the Dominion jumped 15,000 to a total of 98,000 open positions by May 15.

In its monthly report on the manpower picture today the labor department said the unemployment rate in open jobs did not reflect the fact that the spring season for the "late spring accounts for the sluggishness." One year ago vacancies totaled 115,000.

Major seasonal industries—agriculture, mining and construction—have a heavy program, despite unemployment. Unemployed registered in May 15, 1947, totaled 42,000 compared with 182,000 in April 1946. A year ago, unemployed males numbered 106,000, a decline of 27,000, and jobless females totaled 35,000, a drop of 3,000.

Unplaced applicants and unfilled vacancies at the Edmonton branch of the national employment office May 15 were 5,127.

Heavy Frost Hits Gardens, Trees in City

Frost was general throughout Western Canada last night. Edmonton, with a temperature of 27 above was one of the coldest spots west of Winnipeg, but it was Vermin with a low of 20 that experienced the heaviest nip of Jack Frost.

BUDGING LEAVES, sprouting grass, and vegetable shoots, were nipped. Many trees had been covered the preceding night to protect them. Through various parts of the west some damage was reported to tender vegetable shoots.

Windspeed, Saskatoon, and Prince Albert experienced a temperature of 23 above. At Regina the mercury dropped to 20 and at Moose Jaw, B. C., a low of 23. Grande Prairie 23 and Lethbridge 24.

Although temperature was well above freezing point today, the air retained its chill. According to the forecast for today and Wednesday for the Edmonton region, frost again is predicted for tonight, with an estimated low temperature of 28 above.

The maximum temperature yesterday was 40 at 3:30 p.m. The overnight low registered 28 above at 3:30 a.m. The frost nip was low of 27 above at night, was at 3:30 a.m.

In Roman Catholic Church Brief Govt. Assistance Is Asked For Indian Co-Operatives

OTTAWA, May 27.—(CP)—The Roman Catholic Church, in a brief placed before the joint parliamentary committee on Indian affairs, assistance in promoting the development of Indian co-operatives.

HEADED BY James Cardinal McGuigan, Archbishop of Toronto, and Mgr. Alexandre Yvonne, Archbishop of Ottawa, a large delegation from the Church said three co-operatives now in operation under missionary guidance had done "a great deal to insure Indians with a sense of responsibility of ownership, of management which it is difficult to appreciate unless one knows the conditions that existed on each of these three reserves before the establishment of these co-operatives."

They were located at Nooka, Vancouver Island, B.C., Grayson, Alaska and Grosart, Alta. The brief was read to the committee by Father J. J. Plourde, assistant of Indian welfare and training for the Oblate Order. The delegation included: Bishop Henry Heelan, Vice Apostolic of James Bay; Archbishop G. C. Murphy, Co-adjutor Archbishop of Winnipeg; Father Joseph Bruchet, O.M.I., principal, Fort Alexander, Man.; Indian residential school: Father Gerard Ford, principal, Indian residential school, Alta.; Father Contrail Lavolette, editor of the Journal Missionary Record, Lebel, Sask.; Father Adrian Charbon, principal, Indian residential school, Cluny, Alta.

THE BRIEF called for: 1. Continuation of denominational aid providing that protestant children shall not attend Catholic schools and sections of the Indian schools and Catholic children shall not attend protestant schools. 2. Additional funds for increased accommodation and modernization of both residential and day schools. 3. Provision of special schools for girls from 16 to 18 years of age who have previously attended residential or day schools. 4. The right to Catholic hospital care for the Catholic Indian population. 5. An intensified housing program on Indian reserves. 6. Honoring "to the fullest extent possible" of Indian treaties. 7. Extension to Indians of old age pension legislation. 8. Selection of Indian agents and health and sections of the Indian schools and Catholic children shall not attend protestant schools. 9. Royal Canadian Mounted Police protection for larger reservations. 10. Continuation of the reserve system. 11. Practical vocational training.

Ask Conciliation Of Civic Dispute

Members of Civic Employees' Union No. 32 Monday night advised city council they were seeking assistance of the industrial conciliation commissioner in arriving at a settlement of 1947 wage and working conditions demands.

IN THE COMMUNICATION to council it was stated union members regret that city council did not see its way clear to carry on further negotiations with a view to closing out the agreement for the current year.

It was pointed out that the organization always has prided itself on its amiable relationship with the city, and it is most desirable of reaching a workable understanding with the least possible delay.

The dispute between the union and city employees resulted from the rejection by the commissioners of a union request for a \$20 monthly increase to meet the ever increasing trend in the cost of living.

Following the deadlock in negotiations with the commissioners, union officials appealed their case to the city council, and aldermen unanimously upheld the commissioners' verdict.

COUNCIL REFERRED to the finance committee a report from the commissioners dealing with increases granted to building trades laborers under a recent agreement entered into between the Edmonton General Contractor Association and members of International Union, No. 82. The increase granted was ten cents an hour, and brings the hourly rate to 80 cents.

Commissioners in their report to council stated that for years it has been customary for the city to adopt wage rates set by this organization, but in view of the pending civic union wage negotiations, action should be delayed on the matter of this increase.

Council gave formal approval of institutions of the closed shop and check-off for all civic unions.

Photographic Unit Is Visiting City

Four aircraft, carrying 45 members of the Royal Canadian Air Force, now in Edmonton on photographic aerial survey work, will take in approximately 200,000 square miles of Alberta and the northwest Territories.

FLY-LEIGH C. Gordon, officer commanding No. 4 detachment, said here tonight that the party, which arrived May 16, would cover the area around Edmonton and the slopes of the Rockies until about June 1, when it would move to Fort McMurray and Port Radium, N.W.T.

Among those in the group is Paul Hault of Calgary. There were no cattle in North America until they were imported by settlers.

Plano soils were found guilty of war crimes by U.S. military court at Dachau. The verdict was returned May 23, 1946. Up to last night 45 war criminals had been executed at Landsberg.

The first to go to gallows was Willy Bruning. He was pronounced dead 11 minutes after his body shot through the trap. He had been given a two-minute reprieve to have his picture taken.

Two hours and 24 minutes later he had been put to death. Joseph Hegler, 24, shoemaker, "wiedersehen" (so long) as he dropped. GUARDS REPORTED that Willi Kerkert, who has been a guard himself in three different concentration camps, said:

"Death means nothing. All Americans go to hell and all Germans go to heaven."

Phil for Tomorrow Today!

\$550,000 IS NEEDED NOW FOR EDMONTON...

A living memorial to those who gave their lives for tomorrow! Here is an artist's idea for the proposed new Y.M.C.A.-Y.W.C.A. building.

The Young Men's Christian Association, The Young Women's Christian Association, and the Salvation Army are combining their needs in a united campaign for a specific purpose—to provide new facilities for their community services. No funds for new buildings, or major alterations have been obtained by these agencies for nearly forty years. The magnificent services they have given to you, and to your city, were all made possible by preceding generations. It is our turn now—to build well for tomorrow!

CAMPAIGN OPENS JUNE 9th

On June 9th, teams of volunteer canvassers will start their job of contacting every home, and every business in Edmonton. The campaign time is short. Everyone's co-operation is necessary if the goal is to be reached. Keep in mind that you will be asked to invest in youth; invest in new, modern buildings and facilities right here in Edmonton; buildings that will be a permanent asset to your own children and the people of this city.

Wait a minute!

Sure, there have been lots of calls for donations. You're probably tired of being asked for money. This is **not** a donation—it's part of a civic responsibility. It is your share toward a building fund—with the resulting money staying here in Edmonton for materials and labour. It is an aid for non-sectarian Salvation Army services; and for adequate, proper facilities for the community wide services of the Y.M.C.A.-Y.W.C.A. Full explanations of how the funds will be spent will appear in subsequent advertisements. We ask you to read them, study them, and ask yourself honestly how much you can afford to give.

A Permanent Investment in Youth! A Helping Hand for the Underprivileged in Your Own City! A Heritage from Our Generation for Those to Come!

Former City Woman Dies at Victoria

A former resident of Edmonton, Mrs. A. L. Brick, died in Victoria on Friday after a short illness. She was 70 years old.

Born in Van Kleeck Hill, Ont., she came west with her parents, Mr. and Mrs. Robert Lendrum, and family, at an early age.

The family engaged in farming operations on what is now part of south Edmonton.

In 1896 she married Alfred Lamb, son of the Rev. and Mrs. John Gough Brick.

They spent their early married life in Fort Vermilion, Grande Prairie, Fort Saskatchewan, and Edmonton.

She and her husband had been living at Victoria for the last few years, but celebrated their golden wedding anniversary in Edmonton.

SURVIVING ARE: her husband, one daughter, Mrs. George Birch. Fawcett, three sons, Allen of Peace River, Warren of Victoria, and Reg. R. of Edmonton; four sisters, Mrs. Robert Blain, Vancouver, B.C., Mrs. Harry Lawrence, Buffalo, B.C., Mrs. Joseph Ross, Edmonton, and Mrs. W. Brown, Fort St. John, B.C.; four brothers, T. A. Lendrum, Edmonton, H. Lendrum, Edmonton, Robert Lendrum, Vancouver, and Frank Lendrum, Long Beach, Calif.; 13 grandchildren, and one great-grandson.

A funeral service will be held in Hainstock and Son's chapel here Wednesday at 2 p.m.

The Very Rev. Dean A. M. "Trendell will officiate, and burial will be in the family plot, Mount Pleasant Cemetery.

Speed Up Sales War Assets Goods

Prices of items large and small sold for War Assets Corporation since the corporation was set up, total \$200,000,000. J. H. Berry, of Ottawa and Montreal, president of War Assets Corp., said here today.

Indicative of how sales have been speeded up in the last year, Mr. Berry revealed that revenue for the year of April 1, 1946 to March 31, 1947 was \$221,000,000.

"SALES ARE PROCEEDING very well. We are now in the hits and pieces stage with no large buildings left to dispose of," the corporation president explained.

From the standpoint of financial return, war surplus stocks turned over to the corporation have been 70 per cent disposed of.

In physical value about 60 per cent has been sold.

As to military camps in Alberta, Mr. Berry said these were being turned over to the provincial government under terms of an agreement made between the Dominion and Alberta governments by Hon. N. E. Tanner, provincial minister of lands and mines.

"BEST VISIT of Mr. Berry for the purpose of conferring with O. O. Davis, Calgary branch manager, and Richard Spillman, Edmonton representative respectively for War Assets Corp., with the object of speeding up sales.

Mr. Berry said it is impossible to estimate just when the work of War Assets Corp. will terminate. It is possible, he said, that the federal government will always maintain a surplus assets agency of some kind.

Asks Change Policy Of Hog Production

A complete overhaul of the hog production policy of the federal department of agriculture was called for Tuesday in Edmonton by J. H. Boustiller, secretary-treasurer of the Alberta Farmers' Union.

Mr. Boustiller was replying to a week-end statement by Rt. Hon. James G. Gardiner, minister of agriculture, that western farmers, through selling their feed grains rather than using it in production of hogs, had dropped off production by 30 per cent, while Ontario farmers had increased hog production by 28 per cent.

The secretary termed this result as "certainly not surprising," and said that on numerous occasions the department of agriculture had been advised that the policy instituted in 1943 of subsidizing Ontario farmers with free freight on feed to takehead allowing a per animal price advantage would result in diminishing western hog production.

He said the present policy of government was "discriminatory and vacillating, and that the time had come for a complete overhaul of the hog production picture in Western Canada."

More beautiful than ever... in Velva Leg Film

So easy to apply and quick to dry, Elizabeth Arden's leg make-up stays on the legs and off the clothes. Water-resistant. Clings, yet delicately washed away, with a bluish-cosmetic sheen-textured beauty that trims the ankle—slims the leg. Be sure to wear Velva Leg Film with bathing suits or shorts. It makes your legs look sun-burnished... for more lovely.

Brecheen Sets Cubs Town With Five Hits

NEW YORK, May 27 (AP)—Harry (The Cat) Brecheen of St. Louis Cardinals is just about baseball's toughest pitcher when the chips are down. Boston Red Sox found that out in the World Series last year when he almost won the series single-handedly. Chicago Cubs in the National League began to realize his worth Monday night when The Cat stopped the Chicagoans with five hits and sent them down to a 5-1 defeat.

The loss kept the Cubs from taking over first place from the New York Giants and just to rub a little salt in Chicago's wounds, the Cards finally found the way to shut their old southern nemesis. Johnny Rezin, who was the MVP in the last year's St. Louis club, was the only scheduled National League game, Pittsburgh Pirates collected six hits from 19 of Cincinnati pitchers to defeat the Reds 5-1. Kirby Pate, who allowed only one hit in the first three innings, lost control in the eighth and gave up two doubles.

He rallied in the ninth, but received credit for the victory. In the American League, Cleveland was knocked out of second place when the Indians beat the Detroit White Sox Yankees finished Boston Red Sox.

SHORTSTOP Eddie LaRoche's sixth inning home was the payoff for the league's best pitcher, who blanked the Indians for their sixth straight victory of the year. Frank (Hulky) Overmire, Detroit's little pitcher who hasn't started a game this season, scattered six hits and got good support, it took him 10 1/2 innings to defeat the Red Sox to sweep the four-game series from the league champions.

The previous single-game record crowd was set in Cleveland July 25, 1962 between the Indians and Philadelphia Athletics. 19,862 fans paid for a doubleheader game was established May 26, 1968 when 18,841 witnessed the late July battle between the Red Sox and Yankees at the stadium. Actually, 15,847 tickets were sold Monday night, but 1,540 people refused to buy the ticket.

JOE DIMAGGIO, who got three hits in four at bats to tie his career batting average to .302, led the Red Sox the knockout punch, a tie-breaking, three-run homer off starter Joe Dobson in the fifth inning. The record crowd, Dimaggio's fourth this season, put the Yankees above the 1961 first team, as The Yankees added three more hits in the seventh to give them a total of 49 runs against Boston's five in the four-game set.

Left-handed Sam Rice, who replaced starter Frank Silver in the third inning after the rookie right-hander had given up all of Boston's runs, pitched a magnificent game. After fanning Rudy York and Bobby Doshier for two bases home and forcing Ed Delmonico to fly out in the third, Rice blanked the Red Sox batters with two hits the remainder of the way to gain credit for his third victory. He walked three and struck out eight.

Daughter-in-law Tires of Chores

Dear Dorothy Dix: My husband's father has lived with us for nine years and is now 77 years old, and they have been long years to me. He is a good old man and I have been good to him and patient with him and have never shown him what I feel, but now I have come to the breaking point where I feel that I will go crazy if I can't get some relief from having to take care of him. For like all old people, he is wedded to his little ways. He must have exactly the same things to eat every day, cooked the same way. He tells the same stories a million times. He is careless about bathing and changing his clothes. And I am just so tired of it all that I have come to the point of screaming and pulling my hair.

We need a rest from each other, but he refuses to go and stay with his other sons, who are both married. What can I do?

MRS. M. L. B.
P. S. The old gentleman has no idea of how I feel. I have joined a good society, so that when I grow old I won't have to be a burden on my children and their wives. I am sure you are the victim of your virtue. You are being a real daughter to this old man and making his last days comfortable and happy, without ever letting him suspect what a burden he is to you, in the reason that he insists on staying with you, instead of dividing his time be-

tween you and his other daughters-in-law.

OLD PEOPLE never realize that their children do not want them for constant companions, and that Tom and Sally and their wives or husbands are bored to death with having to listen to Father's or Mother's oft-repeated stories, and that they are not going for the old people's sake, but for the sake of the thing they do and don't for.

And it makes one of the most pathetic problems in the world, because the good children can't hurt the old folks' feeling by shutting them off on their selfish husbands and sisters, who will tell them so, how unwelcome they are. And so it happens that in nearly every family one son or daughter becomes the family goat.

You are being sacrificed to the old man just because you don't have been so good to him, but don't weary in well-doing. At his age, he still has a right to his reward and all the balance of your life you will be glad to remember that you had the strength to endure, and that you made his last days happy with a trip to the country. But inasmuch as you have gotten so tired and nervous, why not take a trip? Do something to divert rest, and let you come back to your job ready to take up your burden once more. But you are a wise woman to have made provision for your own old age, so that you will not be a burden on your own children.

Why Grow Old?

Clay Campbell, makeup expert, does not recommend the makeup he gives actress Ann Miller for you. She'll look better on the screen—but on the street the problem is quite different.

By Josephine Lowman
Clay Campbell, head of the makeup department at the studios, told me that he feels middle-aged women should be very careful about the use of rouge. He thinks they should use it, but artfully.

He said, "If the middle-aged skin is very white, rouge must be applied carefully and should be put on other areas as well as on the cheeks.

A woman should put rouge there she has natural coloring. He suggests that you observe yourself after exercise to find your natural color spots or areas, because we do not want to apply it artfully. Color on the cheeks, when the forehead and chin are more white, looks artificial. Naturally, the application of rouge to other areas of the face must be extremely light, just a suggestion!"

Now everything, Mr. Campbell says, that women blend the edges of their rouge so that there is no sharp line of demarcation. This, he feels, is one of the worst faults of makeup. Rouge is a highly individual matter. There can be no satisfactory general rules because so many factors enter into it.

FOUNDING OF PLYMOUTH BY THE PILGRIMS

In 1620, the same year that Jamestown, Virginia, was founded by English settlers, another group tried to make a settlement on the coast of Maine in what was then known as North Virginia. However, they failed, for the winter that followed was bitterly cold. There was not enough food. Many men died. The next year, the survivors sailed back to England.

This group had been sent to America by the Virginia Company of Plymouth, to which King James I had granted the land extending approximately from the top of Maine to Long Island Sound. When Capt. John Smith, famous leader of the Jamestown colonists, re-

Landing of the Pilgrims at Plymouth in 1620 after a blizzard by Carter and Fox. They intended to land in what is now New Jersey, but a storm blew their ship, the Mayflower, off its course.

turned to England, the Plymouth Company employed him to explore their territory. This he did in 1619, and he named the region New England.

In England at that time, the particular church which was established by law was the Anglican, or English Church, but there were many people who objected to its forms or beliefs. Your Baby and Mine

By Myrtle Meyer Elford
Even a 4-month-old baby will have some experience with drinking fluids by cup. He will have had water and orange juice, or perhaps acidic and, if orange juice is unacceptable to him.

What will be strange to him will be milk by cup. Yet, in another five months, he will be asked to drink milk by cup so it is well to make preparation for the day when he will be weaned.

At this early age there should be no attempt to exchange the bottle for a cup. He will profit by using the bottle for several more months. But it will do him no harm to discover that milk may be in a glass food, too, though it is certain to taste differently than when served in a bottle.

Start each feeding with a tablespoon or so of warmed milk. Let the baby gulp this amount and be ready to hand him the bottle when he pushes the cup away. Continue this same amount for a long time.

Children adopt new habits readily, and if the baby becomes accustomed to having a swallow or two of milk at the beginning of each feeding, it is relatively simple when weaning time comes to increase the amount accordingly.

At six months weaning should be started in earnest. The baby's chief reluctance now will be to lie down for sleep without that bottle in his hand to soothe and relax him. So, for a time, continue to give

the bottle at the end of the feeding even if there is only an ounce or two of milk in it.

No one can tell a mother at just what date or age she should discontinue the baby from his bedtime bottle. That depends on the baby and his dependence on that bottle. It is certain that the sooner he has experience with cups, the easier it will be for him to give up the bottle. But if it seems much easier to be fed with cups, the easier it will be for him to give up the bottle. But if it seems much easier to be fed with cups, the easier it will be for him to give up the bottle.

The temptation is to read into the child's behavior a great deal of need that is not there, and keep him dependent on bottles when it is the second year. There never seems any real and valid excuse for that, except to work at the task of weaning to the cup.

Our best bet, at "Teaching Use of Cup and Spoon," may be had by sending a stamped, self-addressed envelope to Myrtle Meyer Elford in care of The Edmonton Bulletin.

Jewess To Die As Collaborator

AMSTERDAM, May 27.—(Reuters).—Outwardly unmoved, a 29-year-old Dutch Jewess, Branca Simon, Monday heard sentence of death passed on her for betraying fellow Jews to the Germans. Her non-Jewish husband was sentenced to death for complicity. A third, an elderly woman, was sentenced to 100 hours of hard labor for having helped a Jewess escape from the city of Amsterdam. Branca Simon, 29, was convicted of betraying fellow Jews to the Germans.

Patricia Conroy Is Married At St. Joseph's Cathedral

St. Joseph's Cathedral, decorated with spring flowers, was the scene of the wedding Monday morning of Miss Patricia Conroy, daughter of Mr. and Mrs. Francis J. Conroy of Edmonton, and Donat Patrick Desaulniers, son of Mrs. J. D. Desaulniers and the late Desaulniers of Toronto. The Rev. Mr. M. C. O'Neill performed the ceremony. Miss Imelda Higgins played the organ and the Rev. Father Leo O'Brien sang Mother, Dear, O Pray for Me and Lord, I Believe and Adore Thee. Miss Noreen Britton sang, Paul Angelus and Ave Maria.

THE BRIDE, given in marriage by her father, wore a gown of white jersey fashioned with a full skirt and a basque bodice having a sweetheart neckline and jilly point sleeves. Braid trimmed the neckline and lower part of the bodice. Her face was framed by a veil of white tulle.

Wed at St. Joseph's Cathedral

Best man was Charles Kehoe and ushers were Willie R. Wenzel and Garth K. Edgar.

Mrs. Conroy chose for her daughter's wedding a gray cut crepe look, pay but with large mirror stain roseette trim, accessories to taste and a corsage of roses in two shades of pink.

A reception was held after the ceremony when the bride's table was set with a linen cloth and centered with a tiered wedding cake embossed in pink tulle on a mirror base. Pink candles in crystal holders and two shades of roses in vases flanked the cake. Presiding at the buffet were Mrs. W. Wenzel and Mrs. C. E. Higgins. Assisting at the reception were Mrs. B. Trwin, the Misses C. Crow, and Jean Lewis. Miss O'Neill proposed the bride's toast.

Later the couple left for a honeymoon in Toronto and Montreal, the bride travelling in a two-piece gown of white tulle and with a black pin stripe, a black off-the-face hat of straw with blue trim, a black shawl and black accessories. Mr. and Mrs. Desaulniers will reside at 11238 262 avenue.

Hog Production Drops On Prairies

REGINA, C.P. - Agriculture Minister Gardiner said in an interview here Sunday that hog production is increasing in Eastern Canada but declining in the west making over-all production about the same as last year.

Hog production in eastern Canada was up 20.2 per cent last month.

compared to April, 1946 Mr. Gardiner said. There was a 48.1 per cent increase in Quebec and 26 per cent in Ontario.

However, western production showed a decrease of 30 per cent. In April, 1946, Quebec produced 40,000 hogs, Saskatchewan 48,000 and Manitoba 30,000. Last month Quebec produced 50,000 and Saskatchewan and Manitoba together produced 45,000.

Western farmers preferred to feed the hogs they grew rather than sell it to hogs.

Says Canada Won't Devalue Currency

WASHINGTON - Monday's announcement in Ottawa by Finance Minister Bennett that the Canadian dollar will not be devalued against the United States dollar has already won widespread approval.

There has been much talk among financial observers in Washington of the possibility of Canada devaluing her currency, or following suit in the devaluation of the United States dollar, but the Canadian government has already won widespread approval.

It is learned on the best authority, however, that none of these steps is likely in the immediate future.

The Canadian dollar is a strong source here says Canada's holdings of United States dollars are not as great as the pre-war average and that the dollar has some time yet to decide on a way of stopping or offsetting the steady drain on "hard money" reserves.

The source explains that the Canadian dollar is not "out" in the United States.

Career?? marriage??

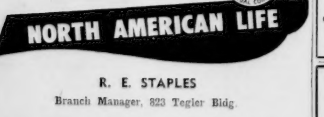

wait and see?

Sometimes a young lady decides to take matters into her own pretty hands—rather than sit around and wait for what's coming next. For example she might decide to turn on full power in her business career; or to make something out of her special musical or dramatic talents. And when a lady makes up her mind to do something about these dreams—stand by for action.

One step towards personal independence is to have a chat with a North American Life representative. Program beginning as low as \$5 a month can guarantee these dreams of hope shared, those winters in the sun.

You'll discover current decisions are more easily and more wisely made when your future independence is abounding. And should Cupid throw his love-lorn monkey wrench into your personal plans, your North American Life investment will be very, very useful indeed.

Suggestion: write or call your North American Life man. His advice is backed by a 60-year-old mutual Company.

More successful MEN USE PALMOLIVE THAN ANY OTHER SHAVING CREAM

You too can look smarter—do more business—make more money

Research by an independent organization proves that more successful men use Palmolive Shave Cream than any other brand. Doctors, lawyers, bankers, executives of all kinds—men who lead in their fields—find that Palmolive, made with skin-conditioning Olive Oil, gives them cleaner, more comfortable shaves.

Yes, leaders know that success comes easier to the man with a good appearance. Give yourself a chance to make good. Look well-groomed with Palmolive—the shave cream that helps successful men create their "good impression".

Helps you to succeed!
